# KNOW YOUR FABRICS

*Choosing the right upholstery fabric is important to evoke a cozy and comfortable atmosphere at home. Bloomingville offers an impressive furniture assortment, upholstered in high-quality fabrics with a firm focus on both price and functionality. Each fabric has been carefully selected, ensuring a wide selection of furniture that lasts.*

*Using accurate measures is equally important to assess the quality of fabric. **Martindale, pilling, and lightfastness** indicate a fabric's durability, emission of lint, and resistance to fading. For general domestic use, 15,000 to 25,000 Martindale are recommended, whereas commercial spaces like hotels require a durability of more than 50,000 Martindale. Pilling is classified by a scale from 1 to 5, where 5 rates as the best result after having exposed the fabric to a certain amount of wear. Lightfastness is measured on a scale from 1 to 8 – 8 shows no fading of the fabric.*

## **FABRICS WITH PERSONALITY**

*For low maintenance and highly resilient upholstery fabric, we recommend furniture in **plain weave polyester** with a durability of up to 100,000 Martindale.*

***Recycled cotton** is the natural choice due to its many qualities; the fabric is extremely soft, versatile, and more importantly, it is mindful of the environment.*

*Soft to the touch and highly suitable for upholstery, **chenille** is destined to impress with its plush and stylish appearance.*

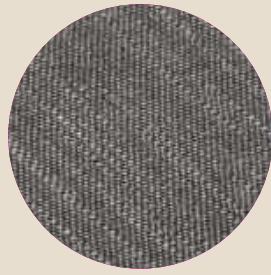

***Boucle** is a classy heavy-weight fabric that gives texture to a room with its curly uneven surface.*
